

Ortho - Perio Congress

June 1st, 2019

Amathus Hotel, Limassol

Speaker
Anton Sculean

Periodontal considerations
for the orthodontic patient.
An update in reconstructive
periodontal therapy

Speaker
Christos Katsaros

Influence of orthodontic tooth
movement on the long-term
development of gingival
recession

Lectures will be in English

Program

9:00-10:30

Professor Anton Sculean:

- Periodontal examination of the orthodontic patient
- Etiology, classification, epidemiology and need for treatment of gingival recession

10:30-11:00

Coffee break

11:00-13:00

Professor Christos Katsaros:

- Influence of orthodontic tooth movement on the long-term development of gingival recession

13:00-14:30

Lunch break

14:30-16:00

Professor Anton Sculean:

- Surgical management of gingival recession in orthodontic patients

16:00-16:30

Coffee break

16:30-18:00

Professor Anton Sculean:

- Clinical concepts and new developments in reconstructive periodontal surgery

Information:

CONGRESS June 1st, 2019

Some words for the Professors
Anton Sculean and Christos Katsaros.

Christos Katsaros

Christos Katsaros is Professor and Chair at the Department of Orthodontics and Dentofacial Orthopedics, University of Bern, Switzerland since 2008.

He obtained his dental degree from the University of Thessaloniki, Greece, and received his 4-year orthodontic training under Professor Rolf Berg at the University of Saarland, Germany, where he also completed his doctoral thesis ("Dr. med. dent.") and his "Habilitation". Professor Katsaros worked also as a researcher at the Göteborg University, Sweden, where he completed a Ph.D. ("Odont. Dr. /Ph.D."). From 2000 to 2002 he served as an Associate Professor and from 2002 to 2008 as a Professor of Orthodontics at the Department of Orthodontics and Oral Biology, Radboud University Nijmegen Medical Centre, Nijmegen, The Netherlands.

Professor Katsaros is author or co-author of 200 publications and 2 international textbooks and has given many lectures internationally. His current research interests include the elucidation of the molecular mechanisms that control face development and wound healing in CLP as well as the prevention and therapy of gingival recession in orthodontic patients. He serves as Associate Editor for the AJO-DO, as Section Editor Dentistry for the Cleft Palate-Craniofacial Journal and he is editorial board member or reviewer for several international scientific journals. He is Council member and Past President of the European Orthodontic Society (EOS) and an Active Member of the Angle Society of Europe.

Anton Sculean

Anton Sculean is professor and chairman of the Department of Periodontology and currently the Executive Director of the School of Dental Medicine, University of Berne, Switzerland. He qualified in 1990 at the Semmelweis University in Budapest, Hungary and has received his postgraduate training at the Universities Münster, Germany and Royal Dental College Aarhus, Denmark. He received his Habilitation (Ph.D.) at the University of Saarland, Homburg, Germany. From 2004 to 2008 he was appointed as Head of the Department of Periodontology and Program Director of the EFP accredited postgraduate program at the Radboud University in Nijmegen, the Netherlands. In December 2008, he was appointed Professor and Chairman of the Department of Periodontology of the University of Bern, Switzerland.

Professor Sculean has been a recipient of many research awards, among others the Anthony Rizzo Young Investigator Award of the Periodontal Research Group (PRG) of the International Association for Dental Research (IADR), the IADR/PRG Award in Regenerative Periodontal Medicine, and the Distinguished Teacher Award of the European Orthodontic Society. He received honorary doctorates (Dr. h.c.) from the Semmelweis University in Budapest, Hungary and from the Victor Babes University in Timisoara, Romania and has authored more than 300 articles in peer-reviewed journals, 20 chapters in periodontal textbooks and has delivered more than 400 lectures at national and international meetings. He also serves on the editorial board of more than 12 dental journals

Professor Sculean served from 2009-2010 as president of the Periodontal Research Group of the IADR, is past president of the Swiss Society of Periodontology and President (for the period 2018-2019) of the European Federation of Periodontology (EFP) and President Elect of the International Academy of Periodontology (IAP) (for the period 2018-2020).

His research interests focus on periodontal wound healing, regenerative and plastic-esthetic periodontal therapy, use of antibiotics, antiseptics and novel approaches such as lasers and photodynamic therapy in the treatment of periodontal and peri-implant infections.
